

Women Rock 100 Rockledge for the Kids

CALLING ALL LADIES! It is time for you to put on your skinny jeans and favorite high heels, grab your BFF (Best Friend Forever) and join us for a night out with the girls!

On September 8th, over 250 ladies will enjoy an AMAZING evening of fine food and drink, pampering, and lots of shopping at the FABULOUS Wilson estate located at 100 Rockledge in Laguna Beach. You will not want to miss the opportunity to spend an evening in this SPECTACULAR home enjoying fine food, cocktails and catching up with friends all while watching an ocean sunset.

One hundred percent of the funds raised at this event go directly to support the Boys & Girls Club of Laguna Beach After-school programs. Every day, 250 children benefit from the Club's enriching youth development programs and staff of caring professionals. Our core programs are based on: Character & Leadership, designed to help youth become responsible caring citizens and helps them develop leadership skills; Education, Technology & Career which helps children succeed in school and increases their self-confidence; Health & Life Skills designed to promote healthy, active lifestyles and help increase self-esteem; The Arts which enhances self-expression, self-value, and creativity; and Sports, Fitness & Recreation which provides socially sound experiences designed to keep children healthy, active, and thinking while having fun.

The Boys & Girls Club of Laguna Beach relies on support from the community to be able to serve over 1,500 young people each year. The Girls Night Out event is a fun way to support the Club and have a night out with your girlfriends at the same time. You will not want to miss the shopping at the silent auction which is filled with gift certificates, spa treatments, hair styling, jewelry, and one-of-a-kind items that every girl must have.

Please consider supporting the Boys & Girls Club of Laguna Beach by attending this event, donating an item to the auction, or by becoming an event sponsor. For more information on
