

Aliso Viejo Kids Get A Ride to the Club

The Boys & Girls Clubs of Laguna Beach is committed to broadening horizons and building futures for our community's youth. For almost 60 years the Club has provided quality programs that emphasize character & leadership skills, academic achievement, increase creativity, and making healthy lifestyle choices.

A critical component in accomplishing these objectives is to insure that local families have safe, convenient and affordable access to programs. With the support of the City of Aliso Viejo, the Boys & Girls Club of Laguna Beach has been able to provide an Aliso Viejo After-School Transportation Program from Aliso Viejo schools to the Club's Main Branch. "For over a decade, the Boys & Girls Club of Laguna Beach has maintained an uncompromising commitment to serving Aliso Viejo families by providing access to our Clubhouse on Laguna Canyon, our award winning and nationally recognized enrichment programs, and an outstanding team of Youth Development Professionals. Now, with the continued generous support and understanding of the City of Aliso Viejo, every child has the opportunity to explore a great variety of interests, be mentored by a dedicated caring professionals, be part of a culture based on trust, realize opportunities for meaningful participation, and live up to high expectations. We are so grateful for the City of Aliso Viejo's shared commitment to building a bright future by investing in our youth", stated Pamela Estes, Executive Director for the Boys & Girls Club of Laguna Beach.

The Club provides bus service to the Main Branch located in the Laguna Canyon from Canyon Vista Elementary, Don Juan Avila Elementary, Oak Grove Elementary, Wood Canyon Elementary, Aliso Viejo Middle School, Don Juan Avila Middle School and Aliso Niguel High School.

In 2010, the Club served nearly 300 Aliso Viejo youth, making up 20% of the Boys & Girls Club of Laguna Beach total Club Membership. Many of those children take

advantage of the transportation program giving them the opportunity to participate in the Club's enriching, high quality after school programs. These impressionable young people also attend summer day camp at the Main Branch when school is out. The Aliso Viejo Transportation Program is especially important for single-parent households and those families where both parents work. The Club's uniquely low fees for this service are made possible through the support of the City of Aliso Viejo. Scholarships are always available for qualifying low-income families. For more information on the Boys & Girls Club of Laguna Beach Aliso Viejo Transportation Program please call Elena at (949)494-2535x105.
