... TLC's Morning Kinder Program ...

The largest age group we serve at TLC are Kindergartners, most of whom join us for lunch and play all day even before the big kids get off the bus! We've specifically developed an amazing program for them, including "Kinder Only Field Trips", "Learning Rotations" that focus on their emotional, physical and social development, as well as age appropriate games. Some of our field trips have included Zoomars Petting Zoo in San Juan Capistrano, beach days and an upcoming adventure to Tanaka Farms in March. During the afternoon we have learning rotations that include daily homework where our kinders learn what letters sound like as well as how they are used. Other rotations include music sing-alongs that encourage rhythm development. One of our main focuses is conflict resolution, where we encourage the kinders to use their words and explain their feelings. Most importantly, everything is designed around having fun! Its great to be a Kinder at TLC!

Luna holds a guinea pig at Zoomars Petting Zoo

Russell discovers a strong base helps during learning rotations
