Did you know that by age three 80% of your brain is developed and by age five, 90%?

High quality early childhood education is a key component on a path that leads to college and career. At the Boys & Girls Club of Laguna Beach we believe in learning through PLAY. Play in preschool presents young learners with a means to understand and process how the world works around them. Play and educational instruction is the perfect combination for a healthy future.

Our Preschool is an opportunity for your child to grow, share and learn in a structured environment as they take their first steps towards kindergarten and the rest of elementary school. We nurture your child's curiosity, promote language and social skills, and provide opportunities to learn through PLAY. We use Brightwheel for secure parent sign-in and sign-out, share photos and videos with parents throughout the school day, billing, and easy communication with our Preschool team. Our Club Preschool is offered to children who are ages 3 - 4 years old. Proof of age must be provided upon enrollment. A nutritious breakfast and lunch is provided daily.

The Kinder Cove is a safe place where the little ones can thrive and voice their opinions knowing that they will be heard. In this space, they learn how to be respectful and kind to their peers and adults, as well as learning to try things on their own before asking for help. They learn that making mistakes are okay and a part of growing up. With the help of our trained Early Childhood team, Kinder Buddies learn to embrace their mistakes and uniqueness.
